

## Rainmaker Holland AEROS

## Technical specifications

## Dimensions

Length	2.10m
Height	1.7m
Width	1.0m
Weight	400 kg

## Operational specifications

Daily operation	24 hours
Design operating conditions (temperature)	20 °C
Design operating conditions (relative humidity)	50%
Nominal energy consumption	2.9kW
Peak energy consumption	3.5 kW
Max electrical current	16 A
Supply voltage	230 V
Phase configuration	single-phase

DAILY WATER PRODUCTION

UPTO 250 L / DAY

3.0 kW  
NOMINAL  
POWER

## Other specifications

Refrigerant - Propane	1.5 kg
Post treatment water temperature	10-15 °C
Noise at 1 m	70dB
pH	6.5-8.5
Total dissolved solids (TDS)	50-150 mg/L
Compliance target	World Health Organization (WHO)

## RAINMAKER AEROS WATER SYSTEM INCLUDES

- Rainmaker Filter Unit
- Rainmaker Storage Unit
- Distribution Options
- Maintenance
